### *Artist's Statement*

Inspired by the subtleties of the human face and form, I seek to capture the essence and character of models in my portrait and figure studies. Working in charcoal, oil, pastel, watercolor and various printmaking techniques, I hope to create drawings and paintings that in addition to achieving a likeness, also reveal the personality of a person.

I received a BA in studio art from Binghamton University in 1975. I also took multiple post graduate courses in mixed media and printmaking, and studied at the Art Students League in NYC. In addition, I have participated in workshops with Daniel Greene, Don Andrews, Albert Handell, and Sidney Goodman. Drawing from life at least once a week for over thirty years has been the cornerstone of my creations.

Currently my work can be seen at  
The Boca Raton Museum of Art – The Artists' Guild.
