

# Judith Musser

---

## ***Artist Statement***

My work is a visual record of personal responses to experience and environment. The tactile quality of art materials helps to channel feeling into intellectual concepts.

As formal elements come into play, the challenge is to make personal symbols legible to an audience.

The hope always is that work will trigger a response in the viewer and create a point of common experience.

## ***Biography***

Judith Musser has been involved with art all of her life. She holds a BA in Art from Chatham College and an MA in Painting from East Carolina University. Post graduate work was done at The Cleveland Institute of Art and Seton Hill College in Greensburg, PA. She is an active member of Associated Artists of Pittsburgh, Pittsburgh Watercolor Society, Pittsburgh Print Group, The Boca Raton Museum Artist Guild and Women in the Visual Arts.
